Fall 2017

The 2017 *LATCH Manual*: Your go-to LATCH resource through 2018

Many people don't realize it, but the *LATCH Manual* is updated every two years. That means the 2017 edition will continue to be the most current resource for CPSTs through 2018. So CPSTs should be sure to reference the most up-to-date information from vehicle and child restraint manufacturers by using only the edition with an aqua cover.

A catalog and order form can be found at www.saferidenews.com.

Pricing: (includes shipping)	1–2	\$44.00 each
	3–9	\$42.50 each
	10–49	\$39.00 each

Need more? Give us a call for discounted bulk pricing.

Not Sure How to Use a *LATCH Manual*? We Can Help!

The *LATCH Manual* is chock full of useful information that makes it easier for a CPST to accurately educate caregivers. But we get it—it's a big book! Here are some ways that CPSTs can get more familiar with the *LATCH Manual*.

- **Attend a workshop:** SRN often gives *LATCH Manual* training workshops at national and regional conferences. Can't make it to one of these? Experienced CPSTs or CPST-Is are encouraged to put on local workshops. SRN is happy to help!
- **Present *Hooked on LATCH*:** A CPST-I or experienced CPST can present an update using SRN's *Hooked on LATCH* presentation CD, which provides introductory and advanced PPT sessions that are preapproved for up to 3 CEUs. All slides have complete presenter notes, including where to find supporting information in the 2017 *LATCH Manual*. See pricing and other details in our catalog at www.saferidenews.com.
- **Watch a webinar:** In May, SRN presented a webinar for Safe Kids called "LATCH 2017: What the Curbside Tech Needs to Know," which is now available for free access at www.cpsboard.org. This presentation includes helpful information on using the *LATCH Manual*.
- **Take a CEU quiz:** Whether you need more CEUs or not, there's value in taking the *LATCH Manual* quiz, available at www.saferidenews.com. It was written to help the test-taker learn more about the 2017 manual.
- **Contact us:** Pick up the phone or send us an email. Safe Ride News is always happy to talk to techs, so if you have any questions or comments, please get in touch.

Pickup Webinar

Free Skill-Building Opportunity!

Pickup trucks are popular with families, but aren't always the most inviting place for CRs!

In September, SRN presented a webinar for Safe Kids about the potential challenges of using CRs in pickup trucks. The recorded webinar can be accessed at www.cpsboard.org. CPSTs can earn one CEU for recertification by watching it and then taking a short quiz.
