

Speaker / Exhibitor Request Form

Thank you for your interest in inviting members of the Manufacturers Alliance for Child Passenger Safety (MACPS) to participate in your state or regional event that includes a Child Passenger Safety (CPS) program.

When members of the MACPS attend and participate in CPS events, we bring many opportunities and benefits to the host organization and attending CPS Technicians and Instructors.

A MACPS member covers most or all travel costs (airfare, hotel, transportation and meals) for a company representative to attend an event at no charge to your organization/agency or event. In addition, many of the MACPS members can provide CEU sessions on numerous industry-related topics and provides your agenda with credible speakers at no additional charge. When possible, most MACPS members donate product(s) used for exhibiting to the host agency to be used for future training purposes.

When attending a state or regional CPS event, each MACPS member would request:

- Exhibit and registration fees to be waived in lieu of product cost, shipping and travel expenses
- An exhibit table to display products during event
- Participation in a Manufacturers Update Session to present their products

It is always greatly appreciated, but not expected, when host agencies and organizations assist with providing hotel stays and other support to the MACPS members attending – this helps us maximize our reach of Technicians and Instructors within our annual budgets.

Requiring MACPS members attending to pay exhibit and / or registration fees may be a deterrent for MACPS support/attendance.

To request an MACPS member to attend your event or conference, please email this form to each individual manufacturer. Please note that providing event dates and the workshop location 4-6 months in advance is appreciated for scheduling and budget allocation. Contact information can be found here. Requests that are received closer than 4 months in advance are subject to budget and scheduling availability.

Thank you again for your interest and support. Please do not hesitate to contact any of the members directly or the MACPS for any additional guidance.

We wish you a successful event in educating Technicians and Instructors!

Best Regards,

Manufacturers Alliance for Child Passenger Safety
