The LATCH Manual

2023 LATCH Manual

Using Lower Anchors and Tethers
for Child Restraints

The 13th edition of the *LATCH Manual* is an essential resource for CPS technicians working with caregivers. It provides important guidance for proper use of the LATCH system, including general advice as well as instructions from manufacturers about specific CRs and vehicles. Note: The 2023 edition is current through 2024.

Earn CEUs toward CPST recertification by passing the *LATCH Manual* quiz at www.saferidenews.com.

SRN Newsletter

Safe Ride News – Newsletter

Safe Ride News is an eight-page, bimonthly, subscriber-supported publication. Each issue brings readers the latest news from the child passenger safety field, including updates from NHTSA and advocacy organizations like the AAP, CHOP, IIHS, and more. Issues also include in-depth articles on car seat usage, CR and vehicle recalls, and safety for children in personal vehicles, school buses, and aircraft

Earn a CEU toward CPST recertification after receiving 6 issues (a full subscription year).

Individual Subscription:	
1-year	\$58
2-year	\$106
Small-Office Subscription:	
1-year	\$75
2-year	\$130
Larger group rates available; contact us.	

School Bus Safety Handbook

School Bus Safety Handbook, 3rd Ed.

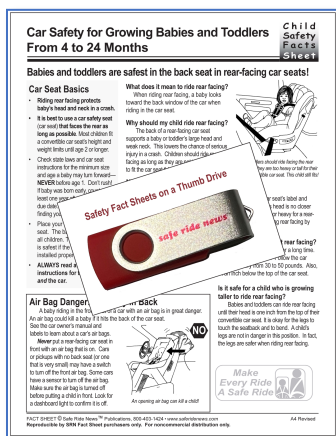

Choosing and Using Child Safety Restraint Systems and Wheelchairs

This user-friendly handbook serves as an all-in-one background, reference, and resource guide for school districts, bus contractors, Head Start, CPS technicians, medical therapists, special needs specialists, and caregivers. It also includes chapters detailing the safe transport of wheelchair occupants on school buses.

Earn CEUs toward CPST recertification by passing the *School Bus Safety Handbook* quiz at www.saferidenews.com.
