The LATCH Manual

2025 LATCH Manual

*Using Lower Anchors and Tethers
for Child Restraints*

The 14th edition of the *LATCH Manual* is an essential resource for CPS technicians working with caregivers. It provides important guidance for proper use of the LATCH system, including general advice as well as instructions from manufacturers about specific CRs and vehicles. Note: The 2025 edition is current until 2027.

Earn a CEU toward CPST recertification by passing the *LATCH Manual* quiz at www.saferidenews.com.
